# Key Accomplishments

- Participated in a system wide/multi-year Employee Engagement Committee to be a voice for Engineering
- 38 year veteran of the Electrical contracting industry with a particular interest in the area of Emergency Power generation, distribution, and operation as it relates to healthcare
- Instrumental in a \$26M/3 year Infrastructure Project at High Point Medical Center
- In 2020, he led a LED re-lamping project where we were able to max out a rebate program, and forecast a projected \$46,000.00 net savings per year
- Also in 2020, lead in the yearlong implementation of an improved Computerized Maintenance Management System
- Obtained goal of CHFMA accreditation in 2020 thanks to affiliations with organizations like NCEM, NFPA, ASHE and others

*“It can’t go unsaid that 2020 was a year like no other in our lifetime, the call for us as Healthcare Engineers to come together and think outside the box and color outside the lines has been great, and we did.”*

~Tim Parnell

Thank you for  
all you do, Tim!
